How to Cure Almost Any Cancer at Home for \$5.15 a Day Bill Henderson, Andrew Scholberg

“What’s going on? The cancer is melting away” exclaimed the South Carolina doctor who had given his “terminal” lung cancer patient “six months to live.” Little did the doctor know his patient was curing her cancer at home with perhaps the most effective cancer-killing miracle food on planet earth. A miracle food that kills cancer better than chemo, as proven by the seven-time Nobel Prize nominee who discovered it... a miracle food that gives cancer patients more energy and zest for life... a miracle food that “liquidates” cancer—melting it away without causing side effects... a miracle food that astonishes conventional doctors. This miracle food is the cornerstone of cancer author and radio commentator Bill Henderson’s favorite protocol for curing cancer at home. Bill’s two leading books and weekly radio shows have helped people in 59 countries discover safe and effective ways to get rid of almost any cancer without surgery, without radiation and without chemotherapy. Now, for the first time, Bill has devoted an entire Special Report—**How to Cure Almost Any Cancer At Home for \$5.15 A Day**— to this miracle food and to how you can use his cancer fighting protocol to melt away even stage-four cancers. Besides being incredibly effective, Bill’s entire protocol is also very easy. The whole thing fits on a recipe card you can tape to your refrigerator door. And it’s so inexpensive at just \$5.15 per day that almost everyone can afford it. What’s more, after six weeks the cost drops to \$3.50 per day, making it even less expensive. Bill’s protocol has cured cancer even in patients written off by their doctors as “hopeless” and “terminal.” One of these patients, Richard, a plantation owner from Louisiana was dying of brain cancer and had “two months to live.” But Richard left his hospice — a place where people wait to die — and went home to cure his cancer. Have you ever heard of someone walking out of a hospice and curing terminal brain cancer at home? Shouldn’t the medical profession be shouting from the rooftops about this amazing cure? Well, don’t hold your breath for that to happen. It would cost the drug companies a fortune in lost profits if too many people started using this miracle food. And the drug companies will do everything in their power to make sure the medical establishment keeps this natural cancer cure under wraps. It’s why this Special Report **How to Cure Almost Any Cancer At Home for \$5.15 A Day** is a must for anyone who is worried about the deadly consequences of cancer or conventional cancer treatments. And when you order today you’ll get a **FREE Bonus Gift**. Bill has put together a list of his all-time 10 best radio shows about how to live cancer free. Here are some of the highlights you’ll discover in your **FREE** gift: A leading cardiologist explains why so many cancers are linked to a surprisingly common dental procedure — yes, a dental procedure. Culprit exposed! Paracelsus Cancer Clinic in Switzerland finds 98 percent of breast cancer cases stem from a problem in the mouth! The alternative M.D. in Florida who’s protected by Indian treaties: He routinely cures “terminal” cancers using forbidden treatments, but the government and the medical authorities can’t touch him! A super-toxin that’s worse than botulism causes more cancers than any other cause. Why so many people have this super-toxin, and how to get rid of it. How to get free telephone consulting from a cancer survivor who’s eager to share her story. The common drug that cancels out the benefits of your daily vitamins, making them a waste of money.
