**From the author of the *New York Times* bestselling *Undead* novels comes a delightfully addictive new series about past lives and bad habits—and one woman paranormally predisposed to getting at the bottom of both. It's her job.**

*You couldn't arrest for murder someone who had killed in his last life. You couldn't bring a civil suit against such people, either. They could only be legally penalized for what they did this time around—and what a dark circus the legal system had been before that legislation passed! (It was still a dark circus, but perhaps not as dark.) But you could spot them, and watch them. You could set traps for them.*

Leah Nazir is an Insider. Reincarnation is her business. But while her clients' pasts are a mess, Leah's is nothing short of tragedy. She's been murdered. A lot. If left to that bitch, destiny, it'll happen again. Leah wants to know who's been following her through time, and who's been stalking her in the present...

P.I. Archer Drake has been hired by Leah's mother to keep an eye on her. But the more time he spends watching, the more he finds himself infatuated. Before long, he even finds himself agreeing to help find the person who wants her dead. Over and over again.

Now going full-on "rewind," Leah hopes it can stave off the inevitable. After all, she's grown fond of this life—and even fonder of nerdy Archer. But changing her pattern means finding out who her killer is today. And as Leah fears, that could be anyone she has come to know and trust. Anyone.
