Gordon Strachan

Chartres: Sacred Geometry, Sacred Space Gordon Strachan

In this ground-breaking new work, Gordon Strachan explores the magnificent structure of Chartres Cathedral and its influences on the medieval master builders.

Using Chartres as a starting point, Dr. Strachan shows how the origins of the Gothic style?the pointed arch?may lie in Islamic architecture. He goes on to a fascinating and detailed consideration of how a particular architectural space affects us, and how sacred geometry creates sacred space.
