America Abandoned: The Secret Velvet Coup That Cost Us Our Democracy Jill Cody

"From right wing conservatives to Wall Street fat cats, progressive writer Jill Cody delivers a no-holds-barred look at a country that's becoming politically, morally and financially bankrupt."

-- Thom Hartmann, nationally syndicated talk show host and bestselling author

Jill Cody has done the world a miraculous service by bringing to the surface the deep problems with America's partisan political system. By immense research and reflection Jill vividly paints the picture of what America's democracy was meant to be and has sadly become today. Is it too late for America or will We the People, wake up and courageously save our country?

- Alena Chapman, international bestselling author, speaker and mentor.

The American people have been abandoned. Behemoth corporations, the disgustingly rich, the media, Congress, and the Supreme Court have withdrawn their support from "We, the People", in spite of their duty, allegiance, or responsibility to American citizens.

Billionaires and corporations are flourishing as they abandon loyalty to employees and American citizens. The same wealthy people and corporations are hoarding billions of dollars offshore to avoid paying taxes while privatizing their profits and subsidizing their losses. By doing so, they are intentionally abandoning their civic responsibility for the obscene accumulation of profit, and are impeding the government's ability to serve the public good.

When you read this eye-opening expose´, you will discover:

- * who launched the Velvet Coup
- * which seminal moments in U.S. history are threatening our democracy today
- * what Citizen Voter Type you are, and how to become a powerful citizen
- * what Living in the Black or Living in the Red means, and how those choices could either rescue or ruin America
- * how we can reconstruct our lives and laws to save our middle class and democracy.

Jill Cody, a well-known, influential educator, consultant and advocate, presents an expanded view of abandonment to illustrate how this calculated crisis is destroying our democracy. This book's optimism speaks to the hope that, when we realize we have lost something of great value, we will fight to get it back.

After reading America Abandoned, you will know it's time to be bold and recapture our democracy.
