**Computer Modelling of Seas and Coastal Regions III** J. R. Acinas, C. A. Brebbia, J.R. Acinas, C.A. Brebbia

This book contains the edited version of 41 papers presented at the Third International Conference on Computer Modelling of Seas and Coastal Regions, which was held in La Coruna, Spain, June 23-25, 1997.

The object of this series of meetings is to provide a forum for the rapid dissemination and exchange of information on seas and coastal regions and their relationship to environmental problems. The Conference also dealt with the modelling of estuaries and other water bodies in coastal areas such as lakes and lagoons. Papers cover recent advances in the computer modelling of seas and coastal regions under normal and extreme conditions.
