## **The SPIN Model Checker: Primer and Reference Manual (paperback) Gerard Holzmann**

The SPIN Model Checker is used for both teaching software verification techniques, and for validating large scale applications. The growing number of users has created a need for a more comprehensive user guide and a standard reference manual that describes the most recent version of the tool. This book fills that need. SPIN is used in over 40 countries. The official SPIN web site, spinroot.com receives between 2500 and 3000 hits per day. It has been estimated that up to three-quarters of the \$400 billion spent annually to hire programmers in the United States is ultimately spent on debugging
