The number of people working from home, whether on a part or full time basis, has grown to nearly 50 million. There are many design books that take a decorative point of view for creating a home office, but there has yet to be a complete reference for home office users that covers topics from furniture selection to phone and fax lines. Set Up Your Home Office In a Weekend takes the complete approach to creating a home office by discussing everything from space needs to financial planning to software selection. Home office users will find coverage of such hot topics as setting up office space, selecting computer equipment, connecting to the world, and keeping track of the finances and records. Both the self-employed and small business owners will benefit from the information and resources found in this comprehensive reference.
