Animated Cartoons E. Lutz

First published in 1920, this is one of the first and best books on the art of animation. Edward Lutz's classic contains many shortcuts to the process of film animation. These shortcuts were a trademark of Lutz's teaching. This book offers tips on drawing anatomy and motion and gives detailed instructions on how animated pictures are made and work. Walt Disney used an original copy of this book, relying heavily on its advice and teaching. This is both a valuable guide to animation and an extremely collectible classic.
