## Running's Strangest Tales (Strangest series) Iain Spragg

*Running's Strangest Tales* is a fascinating collection of weird and wonderful stories from the world of running, from the earliest marathon to today's high-tech, apped-up approach. Within these pages you'll find the bizarre story of the Norwegian soccer player forced to miss a crucial World Cup qualifier after colliding with a moose on his morning jog, the American ultra-marathoner who had all his toenails removed to improve his running, and why some runners at the 2015 Tokyo marathon were wearing GPS-enabled, edible bananas, complete with LEDs and incoming Twitter updates.
