## **Paint with passion, purpose and pleasure**

What do you want your landscape painting to say about this place, this moment? How do you use the visual vocabulary - line, shape, value, color, edges - to say it? With this book, your conversation with nature will direct your brush. With an exhilarating, synergistic combination of indoor and outdoor painting, **Kevin Macpherson** shows you how to create personal, poetic landscapes that capture the feeling of being there.

Learn how to:

- Use a limited palette in a way that is more liberating than limiting
- Experience nature to the fullest and capture its vibrancy back in the studio through photos, sketches and outdoor studies
- Cope with the fleeting qualities of atmosphere and light by establishing a value plan early and sticking with it
- Incorporate impressionistic touches of broken color to give your landscape a depth and vibrancy that enhances its realism
- Approach painting as a layering and corrective process that encourages non-formulaic solutions

Stimulating warm-up exercises in the studio prepare you for your adventures outside, while eight step-by-step demonstrations show you how to put these methods into action. Throughout, Macpherson's own light-filled landscapes illustrate the power of these techniques.

Full of fresh air and fresh art, *Landscape Painting Inside and Out* will guide and encourage beginners while challenging more accomplished artists to bring greater vitality and a more natural, less formulaic finish to their paintings.
