In Mortgage Power – An Asset in the Making, I show you how to convert your mortgage—often your biggest liability—into what can become your biggest asset, and why you must do it for your financial future. I not only present the underlying theory behind the premise of modifying a mortgage to create wealth, but I also give you real-world examples, with numbers that add up to prove the astounding benefits. I show you how to manage and modify your mortgage, and in so doing how to create tremendous wealth and prosperity from something as basic as a mortgage. By making simple changes to your mortgage, you can ultimately create an asset that will provide you benefits long into your retirement—benefits that would otherwise be unavailable to you. Mortgage Power reveals how to buy a home with a limited down payment, how to build your mortgage team, how to navigate the mortgage process, why you should own and not rent, and why you should avoid a 30-year fixed rate mortgage like the plague.
