This pattern set is the result of an online project. It's based on inspirations and colors culled from textiles native to the Andes, where the author spent many years. There are multiple pattern sections that are strung, added to the previous section, and crocheted into a 70" necklace. Each pattern segment can be used alone, modified, or combined with other segments to build individual ropes. The book contains complete instructions for constructing the necklace on the cover. In this book, you will find:

- Native textile color inspiration
- Design and construction methods
- 3 complete projects
- 16 pattern sections
- 26 pattern repeats
- Blank graph paper to copy and use
- Adding in thread and invisible closure
- Basic even count peyote instructions

Just remember that this is a pattern set, not a big bulky bead crochet book. It can and will lead to a multitude of necklace and bracelet combinations.
