Beware and Warning!

This book is different from other books.

You and YOU ALONE are in charge of what happens in this story.

There are dangers, choices, adventures, and consequences. YOU must use all of your numerous talents and much of your enormous intelligence. The wrong decision could end in disaster - even death. But, don't despair. At any time, YOU can go back and make another choice, alter the path of your story, and change its result.

Your Uncle Gilroy has found an amulet that unlocks the mystery of a strange civilization in the Australian desert, the previously mythical city of Satyrion. You rush out to join him for an exciting trip through the outback. You learn quickly that Gilroy's find in the sands has unlocked more than an ancient mystery: greedy strangers are on the same trail, but they are searching for uranium, not ancient relics. And they'll do anything to stop people who are in their way!
