Windows XP Home Edition: The Missing Manual (2nd Edition) David Pogue

Windows XP Home Edition offers dozens of new features for consumers: an elegant user interface, drag-and-drop CD burning, and powerful ways to view and manage digital photos and music, among other features. With the release of Service Pack 2 (SP2), Windows XP now provides better protection against viruses, worms, and malicious hackers. But it still comes without a single page of printed instructions. Fortunately, the new edition of *Windows XP Home Edition: The Missing Manual* fills the void. With its wealth of tips, instructions, and expert advice, this comprehensive resource is your ticket to making your time at the computer safer, easier, and more fun. And best of all, it's been updated to include detailed coverage of Service Pack 2. Written in easy-to-follow, jargon-free language, *Windows XP Home Edition: The Missing Manual*, Second Edition is perfectly suited for both first-time PC fans and budding power users. And like the rest of the Missing Manual series, it also relies on technical insight, crystal-clear objectivity, and a sense of humor--meaning no one will be left behind. The book begins with a tour of the Desktop and instructions for customizing the Taskbar and toolbars. It also includes a primer on how to organize files, folders, and windows for maximum efficiency. More advanced chapters explore control panels and built-in applications; walk through configurations like how to set up a PC for Internet use; and address the standard Windows rituals of troubleshooting, installation, and upgrading. For the height of manageability and control, the book also conveys all the need-to-know information about the security technologies featured in Windows XP SP2, so you can better defend yourself against viruses, worms, and hackers. Readers even receive guidelines and instructions for installing SP2 on their PC, or across a network of computers. Co-authored by David Pogue, *New York Times* computer columnist and Missing Manuals creator, this updated guide is the friendly, authoritative book that should have been in the box. It's sure to become your preferred guide whenever you sit down to Windows XP.

From reader reviews:

Orlando Bush:

Reading a reserve tends to be new life style within this era globalization. With reading through you can get a lot of information that can give you benefit in your life. With book everyone in this world can easily share their idea. Books can also inspire a lot of people. A great deal of author can inspire their own reader with their story or maybe their experience. Not only the storyplot that share in the ebooks. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors on this planet always try to improve their expertise in writing, they also doing some study before they write to their book. One of them is this Windows XP Home Edition: The Missing Manual (2nd Edition).

Roberto Reyes:

Spent a free time and energy to be fun activity to complete! A lot of people spent their spare time with their family, or all their friends. Usually they accomplishing activity like watching television, gonna beach, or picnic from the park. They actually doing same every week. Do you feel it? Would you like to something different to fill your own free time/ holiday? Might be reading a book might be option to fill your free time/ holiday. The first thing that you'll ask may be what kinds of reserve that you should read. If you want to consider look for book, may be the reserve untitled Windows XP Home Edition: The Missing Manual (2nd Edition) can be fine book to read. May be it can be best activity to you.

Diego Mears:

As a pupil exactly feel bored to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just minor students that has reading's heart or real their leisure activity. They just do what the educator want, like asked to the library. They go to there but nothing reading seriously. Any students feel that examining is not important, boring and also can't see colorful images on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this age, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Windows XP Home Edition: The Missing Manual (2nd Edition) can make you sense more interested to read.

David Stokes:

What is your hobby? Have you heard this question when you got learners? We believe that that query was given by teacher to the students. Many kinds of hobby, Everybody has different hobby. And you also know that little person such as reading or as reading become their hobby. You must know that reading is very important in addition to book as to be the issue. Book is important thing to include you knowledge, except your own teacher or lecturer. You get good news or update with regards to something by book. A substantial number of sorts of books that can you choose to use be your object. One of them is Windows XP Home
