The Evolution of LSAT Prep Books

LSAT Clarity is the latest step in the evolution of LSAT prep books. The first wave of LSAT prep books featured single-volume, simplistic guides from big name prep companies geared primarily at promoting the company's expensive prep courses. Then came multi-volume prep books that included targeted practice but lacked direction on working a full LSAT course. Finally, LSAT Clarity is a focused single-volume guide that includes every key component you will need in order to achieve the most thorough and successful LSAT prep possible.

LSAT Clarity discloses powerful methods and specific practice approaches that will allow you to achieve your maximum potential with less wasted time and a lower price tag. LSAT Clarity introduces powerful new features: detailed book schedules to fit your timeline, guidance on working the full course, a valuable supplemental prep packet, chapter outlines for review, unique skill based problem sets designed to start at your level and build to your maximum achievement.

LSAT Clarity is the first complete LSAT self-study guide. With LSAT Clarity's competitive price and robust additional features, there's no reason to settle for less than the cutting edge. Gain the skills and understanding to maximize your LSAT score without spending hundreds on a course!
