The Immune System: Injury, Illness and Health (Body Focus) Carol Ballard

This coverage of the human body provides a library resource for students studying biology topics. Each book looks at the basic structure of a system or set of organs, its function, its role in the health of the individual and its relationships with other organs and systems. The books includes information on how the system can be affected and/or damaged by substances such as drugs and by physical injuries. They have an emphasis on the issue of keeping healthy and focus on sport science and how injuries and illness can affect teenagers.
