Numerical Methods and Applications: 5th International Conference, NMA 2002, Borovets, Bulgaria, August 20-24, 2002, Revised Papers (Lecture Notes in Computer Science)

This volume of the Springer Series "Lecture Notes in Computer Science" contains refereed papers which were presented at the Fifth International Conference on Numerical Methods and Applications, NMA 2002, held in Borovets, Bulgaria, during 20-24 August 2002. The NMA 2002 Conference was organized by the Central Laboratory for Parallel Processing at the Bulgarian Academy of Sciences in cooperation with SIAM (Society for Industrial and Applied Mathematics) and GAMM (Gesellschaft für Angewandte Mathematik und Mechanik). Co-organizers of this traditional scientific meeting were the Institute of Mathematics and Informatics at the Bulgarian Academy of Sciences and the Faculty of Mathematics and Informatics at the University of Sofia. The conference was devoted to the 70th anniversary of the distinguished Bulgarian mathematician academician Blagovest Sendov - the founder of the Bulgarian school in numerical analysis, the teacher of dozens of Ph. D. students, the author of more than 270 papers, textbooks, and monographs. He is the scholar who has been at the center of the mathematical life in Bulgaria for about 50 years. Over the years he headed the Bulgarian Academy of Sciences, the University of Sofia, the Faculty of Mathematics and Informatics of the University of Sofia, the Central Laboratory for Parallel Processing of the Bulgarian Academy of Sciences, the Department of Mathematical Modeling of the Institute of Mathematics and Informatics, the Union of Bulgarian Mathematicians, etc. He represented with distinction Bulgarian science in such world-recognized organizations as IFIP (International Federation for Information Processing), the International Association of Universities, the International Council of Scientific Unions, the Balkan Mathematical Union, etc.

From reader reviews:

Deborah Beaudry:

Why don't make it to be your habit? Right now, try to ready your time to do the important behave, like looking for your favorite guide and reading a book. Beside you can solve your condition; you can add your knowledge by the publication entitled Numerical Methods and Applications: 5th International Conference, NMA 2002, Borovets, Bulgaria, August 20-24, 2002, Revised Papers (Lecture Notes in Computer Science). Try to stumble through book Numerical Methods and Applications: 5th International Conference, NMA 2002, Borovets, Bulgaria, August 20-24, 2002, Revised Papers (Lecture Notes in Computer Science) as your pal. It means that it can to become your friend when you sense alone and beside associated with course make you smarter than in the past. Yeah, it is very fortunated in your case. The book makes you far more confidence because you can know every thing by the book. So , let us make new experience and also knowledge with this book.

Frederick Palazzo:

The book Numerical Methods and Applications: 5th International Conference, NMA 2002, Borovets, Bulgaria, August 20-24, 2002, Revised Papers (Lecture Notes in Computer Science) make one feel enjoy for your spare time. You may use to make your capable far more increase. Book can to become your best friend when you getting stress or having big problem using your subject. If you can make reading a book Numerical Methods and Applications: 5th International Conference, NMA 2002, Borovets, Bulgaria, August 20-24, 2002, Revised Papers (Lecture Notes in Computer Science) to be your habit, you can get a lot more advantages, like add your own personal capable, increase your knowledge about a number of or all subjects. You are able to know everything if you like start and read a reserve Numerical Methods and Applications: 5th International Conference, NMA 2002, Borovets, Bulgaria, August 20-24, 2002, Revised Papers (Lecture Notes in Computer Science). Kinds of book are several. It means that, science publication or encyclopedia or others. So , how do you think about this publication?

Travis Smith:

Now a day people who Living in the era wherever everything reachable by match the internet and the resources within it can be true or not require people to be aware of each details they get. How a lot more to be smart in getting any information nowadays? Of course the correct answer is reading a book. Examining a book can help folks out of this uncertainty Information mainly this Numerical Methods and Applications: 5th International Conference, NMA 2002, Borovets, Bulgaria, August 20-24, 2002, Revised Papers (Lecture Notes in Computer Science) book because this book offers you rich facts and knowledge. Of course the data in this book hundred per cent guarantees there is no doubt in it you may already know.

Maxine Whitley:

Hey guys, do you really want to find a new book to study? Maybe the book with the headline Numerical Methods and Applications: 5th International Conference, NMA 2002, Borovets, Bulgaria, August 20-24, 2002, Revised Papers (Lecture Notes in Computer Science) suitable to you? Often the book was written by a well-known writer in this era. Often the book titled Numerical Methods and Applications: 5th International Conference, NMA 2002, Borovets, Bulgaria, August 20-24, 2002, Revised Papers (Lecture Notes in Computer Science) is one of several books that everyone reads now. This book has inspired a lot of people in the world. When you read this e-book you will enter a new dimension that you have never known before. The author explained their idea in a simple way, and so all people can easily know the core of this reserve. This book will give you a great deal of information about this world now. So that you can see the representation of the world on this book.
