This narrative history tells the lively story of the Duluth Junior College, which provided collegiate level education to students in northern Minnesota between 1927 and 1950. The book captures the life of DJC through portraits of its faculty and student activities, and through personal recollections of alumni. Then, drawing on archived papers and letters, the book focuses on DJC's efforts to maintain its existence amidst the post-WWII momentum for opening a Duluth branch of the University of Minnesota, and it recounts a volatile political story which affected the academic life of the entire State, and which has never before been fully told.
