Goettsch Partners (The Master Architect Series)

Goettsch Partners (The Master Architect Series)

The design philosophy of Chicago-based firm Goettsch Partners is based on the belief that exceptional planning and design respond to the combination of functional, technical, economic and aesthetic factors. The firm's principals have deliberately sought and encouraged a diversified practice. As a result, it has developed a rich history of transforming complex challenges across a range of project types into singular design solutions of lasting impact and value. The firm's national and international portfolio of work includes the planning and design of large-scale commercial developments, corporate campuses, cultural and institutional buildings, federal and local government facilities, hotels and residential complexes, and public open space. Its contemporary approach to architecture is explored through the projects superbly presented in this Master Architect monograph.
