History of the Reformation of the Sixteenth Century J.H. Merle D'Aubigne

The Complete Set of the first 4 books in Volume 1. The history of one of the greatest revolutions that has ever been accomplished in human affairs - of a mighty impulse communicated to the world three centuries ago, and whose influence is still visible on every side - and not the history of a mere party, is the object of my present undertaking. The history of the Reformation is distinct from that of Protestantism. In the former every thing bears the mark of a regeneration of the human race - of a religious and social change emanating from God himself. In the latter we too often witness a glaring degeneracy from first principles, the struggles of parties, a sectarian spirit, and the traces of petty individualities. The history of Protestantism may have an interest for Protestants only; the history of the Reformation addresses itself to all Christians, or rather to all mankind. - D'Aubigne
