**Spirit and Fire: A Thematic Anthology Of The Writings Of Origen (T&T Clark Cornerstones)** Hans Urs von Balthasar, Robert J. Daly

Originally published in German in 1938, this highly acclaimed volume presents more than one thousand selections from the various extant writings of Origen, the great Alexandrian theologian. Robert J. Daly, S.J., has re-translated the majority of these texts from the original Greek and Latin, added the scriptural references in the translated texts and an index, and included updated bibliographical information.

This volume comprises thoughts of one of the greatest of ancient theologians as seen through the eyes of an almost equally prolific successor in the same central Christian enterprise. The book remains a great resource for anyone interested in patristic theology, early Christian mysticism, and early interpretation of Scripture. This *Cornerstones* edition has a new introduction written by Robert J. Daly, S.J.
