The Mysterious Island

Jules Verne

The Mysterious Island Jules Verne

On March 24, 1865, a balloon carrying five persons escaping from Richmond, capital of the Confederacy during the American Civil War, falls into the sea. Caught in a storm, the balloon had flown some seven thousand miles in five days. The five passengers are Captain Cyrus Harding, an engineer in General Grant's army; his black servant, Nebuchadnezzar, known as Neb; Gideon Spilett, a reporter; Jack Pencroft, a sailor; and Herbert Brown, the fifteen-year-old orphan son of one of Pencroft's former sea captains. The balloon falls near an uncharted island, and Harding, together with his dog, Top, is washed overboard. Once its load is lightened, the balloon then deposits the other travelers on the shore of the island. The next morning, Neb looks for his "master" while the others explore the island. The next day, Herbert, Pencroft, and Spilett take stock of their resources, which consist of the clothes they wear, a notebook, and a watch. They suddenly hear Top barking. The dog leads them to Captain Harding, who, having been unconscious, is at a loss to explain how he arrived at a place more than a mile away from the shore.
