Heidegger's Being and Time and the Possibility of Political Philosophy

Mark Blitz

Heidegger's Being and Time and the Possibility of Political Philosophy Mark Blitz

Heidegger's *Being and Time* (1927) challenged earlier thinking about the basic structures of human being, our involvement in practical affairs, and our understanding of history, time, and being. Mark Blitz clarifies Heidegger's discussions, offers brief alternative analyses of phenomena central to Heidegger's argument, and examines the connection between Heidegger's arguments in *Being and Time* and his support of Nazism.

Mark Blitz is a professor of political philosophy at Claremont McKenna College and Director of the Salvatori Center for the Study of Individual Freedom. He is author of *Plato's Political Philosophy, Duty Bound: Responsibility and American Public Life*, and *Conserving Liberty*.
