## **Shannon's Way** A J Cronin

Robert Shannon was a devoted scientist on the brink of a medical discovery of great importance. He had no time or inclination for women . . . or for any of the world outside his laboratory. But Jean Law had other plans for him. Strictly brought up by narrow-minded parents, confined by her hospital lectures and her dingy boarding-house, she hardly knew the fires that burned beneath her calm exterior . . . except that they burned for Robert Shannon. She knew she had to have him for herself, and, despite her family's religious beliefs , their shocked disapproval, and all she had been taught was her destiny, she was determined to fight for him. In the magnificent narrative tradition of *The Citadel*, *The Stars Look Down* and Cronin's other classic novels, *Shannon's Way* is a great book by a much-loved author.
